Wave Bite

The first scalable floating bistro &
experience platform for water tourism

Problem

Millions visit waterfront locations every year - but premium mobile food and experience concepts are missing.

Mobile Gastro

Premium mobile food concepts are rare at waterfront locations.

Digital & App

Water tourism is fragmented and largely offline

Experience

No scalable concept combines gastronomy, events and digital ordering on water

Solution & Product

Food & Drinks

Premium floating bistro & Sea Lounge
High-quality food and drinks in a unique waterfront setting

Events & Community

Live music, curated events and
social experiences on the water

App & Pre-Ordering

USP & Competitive Advantages

Mobile & Flexible

We bring premium experiences directly to people - anytime, anywhere on the water.

Premium Qualität

High-quality food, drinks and service in a boutique waterfront experience.

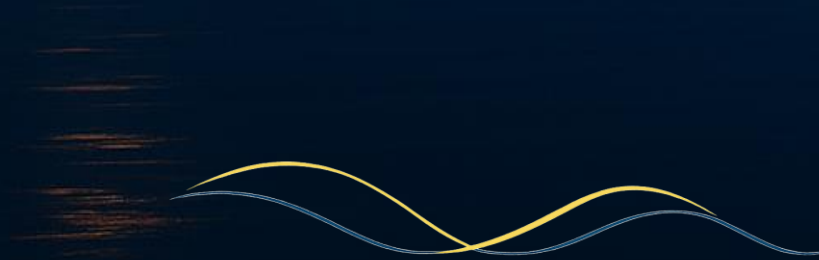

Sustainable & Autonomous

Solar energy and battery systems enable clean, autonomous operation.

Protected & Scalable

Design and brand protection (WIPO) enables scalable expansion across locations.

Core Operations

Routes & Hotspots

Daily routes and high-visibility waterfront locations create resulting demand and strong brand presence.

Private & Corporate Events

Exclusive gatherings, off-site experiences and company events hosted directly on the water.

Fixed Dock Locations

Strategic anchor points generate repeat customers and local community engagements.

Merchandise & Lifestyle Products

Apparel, accessories, and branded lifestyle products expanding the Wave Bite platform ecosystem.

Floating Bistro Sales

Premium food & drinks served directly on the water through the Wave Bite mobile hospitality platform.

Wave Bite Event Series

Curated event formats including sunset sessions, and live music and themed experiences.
